District Performance Framework 2012

District: COLORADO SPRINGS 11 - 1010

Accredited with Improvement Plan

This is the accreditation category for the district. Districts are designated an accreditation category based on their overall framework score, which is a percentage of the total points they earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the accreditation category.

| Plan Assignment | Framework Points Earned |
|-------------------------------|-----------------------------|
| Accred. w/Distinction | at or above 80% |
| Accredited | at or above 64% - below 80% |
| Accred. w/Improvement Plan | at or above 52% - below 64% |
| Accred. w/Priority Impr. Plan | at or above 42% - below 52% |
| Accred. w/Turnaround Plan | below 42% |

Framework points are calculated using the percentage of points earned out of points eligible. For districts with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

| Performance Indicators | Rating/Plan | % of Points | Earned out of Points Eligible ² | |
|---------------------------------------|------------------------------|-------------|--|---------|
| Academic Achievement | Approaching | 56.3% | (8.4 out of 15 points) | |
| Academic Growth | Meets | 65.5% | (22.9 out of 35 points) | |
| Academic Growth Gaps | Approaching | 51.7% | (7.8 out of 15 points) | |
| Postsecondary and Workforce Readiness | Approaching | 53.1% | (18.6 out of 35 points) | |
| Test Participation ³ | Meets 95% Participation Rate | | | |
| TOTAL | | 57.7% | (57.7 out of 100 points) | |

²Districts may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from both the points earned and the points eligible, so scores are not negatively impacted.

³Districts do not receive points for test participation. However, districts are assigned one accreditation category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science and COACT), or (2) for districts serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

| Finance ⁴ | Meets Requirements |
|----------------------|--------------------|
| Safety⁴ | Meets Requirements |

⁴Districts do not receive points for finance and safety assurances. However, districts that do not meet requirements in at least one area default to Accredited with Priority Improvement (or remain Accredited with Turnaround Plan) until they meet requirements.

Districts on Turnaround or Priority Improvement

A district may not be accredited with a Priority Improvement and/or Turnaround Plan for longer than a combined total of five consecutive years before the State Board of Education is required to restructure or close the district. The five consecutive years commences on July 1 during the summer immediately following the fall in which the district is notified that it is Accredited with a Priority Improvement or Turnaround Plan.

Reference

1-year vs. 3-year Report

Districts receive a 1-year and a 3-year aggregated District Performance Framework report. CDE produces a report on the basis of three years of data to enable more districts to be considered within the same performance framework. Some small districts may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official accreditation category for the district: the one under which the district has ratings on a higher number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it received a higher total number of points and accreditation rating. Note that some 3-year reports may be based on only two years of data if that is the only data available.

Academic Growth and Academic Growth Gaps

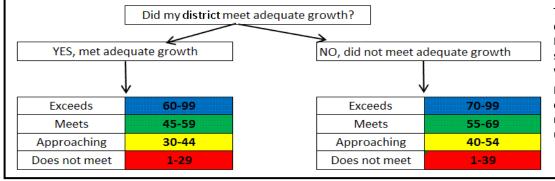

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This Indicator reflects 1) normative (median) growth: how the academic progress of the students in this district compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (CELApro) score history, and 2) criterion-referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the district to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. Students classified as English learners are expected to reach the next level of language proficiency on CELApro in either 1 or 2 years, depending upon the proficiency target.

72.19

85.16

50th percentile

90th percentile

The Academic Growth Gaps Indicator measures the academic progress of historically disadvantaged student groups and students needing to catch up. It disaggregates the Growth Indicator into student groups, and reflects their normative and adequate growth. The student groups include students eligible for free/reduced lunch, minority students, students with disabilities, English learners, and students needing to catch up.

For Academic Growth and Academic Growth Gaps, the median growth percentile required to earn each rating depends on whether or not the district met adequate growth. Districts that met adequate growth use the rubric on the left; districts that did not meet adequate growth use the rubric on the right.

Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This Indicator reflects student graduation rates, disaggregated graduation rates for student groups (students eligible for free/reduced lunch, minority students, students with disabilities, and English learners), dropout rates, and average Colorado ACT (COACT) composite scores.

State Average (Mean) Dropout Rate (baseline)

| | N of Students | Mean Rate | | |
|------------------|---------------|-----------|--|--|
| 1-year (2009) | 416,953 | 3.6 | | |
| 3-year (2007-09) | 1,238,096 | 3.9 | | |

<u>This District's</u> Graduation Rate and Disaggregated Graduation Rate Overall Graduation Rate (1-year)

| 7-year |
|--------|
| |
| 60.9 |
| |
| |
| |
| 60.9 |
| |

Students with Disabilities Graduation Rate (3-year aggregate)

| | | 4-year | 5-year | 6-year | 7-year |
|------------------|------------|--------|--------|--------|--------|
| | 2008 | 38.7 | 48.1 | 58.1 | 67.5 |
| Anticipated Year | 2009 | 30.6 | 43.4 | 57 | |
| of Graduation | 2010 | 35.5 | 48 | | |
| | 2011 | 35 | | | |
| | Aggregated | 34.8 | 46.3 | 57.5 | 67.5 |

English Learners Graduation Rate (3-year aggregate)

| | | 1 00 | -0/ | | |
|------------------|------------|--------|--------|--------|--------|
| | | 4-year | 5-year | 6-year | 7-year |
| | 2008 | 53.1 | 60.2 | 65.5 | 67.1 |
| Anticipated Year | 2009 | 54.1 | 60.4 | 64.8 | |
| of Graduation | 2010 | 52.7 | 65.9 | | |
| | 2011 | 46.8 | | | |
| | Aggregated | 51.4 | 62.2 | 65.1 | 67.1 |

All averages are compared to baselines from the first year the performance framework reports were released (2009-10 for 1-year reports and 2008-10 for 3-year reports).

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year DPF, districts earn points based on the highest value among the following: 2011 4year graduation rate, 2010 5-year graduation rate, 2009 6-year graduation rate and 2008 7-year graduation rate (the shaded cells in the tables on the left). For the 3-year DPF, districts earn points based on the highest value among the following: aggregated 2008, 2009, 2010 and 2011 4-year graduation rate, aggregated 2008, 2009 and 2010 5-year graduation rate, aggregated 2008 and 2009 6-year graduation rate, or 2008 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year DPFs, the "best of" graduation rate is bolded and italicized on the Performance Indicators detail page.

Free/Reduced Lunch Graduation Rate (1-year)

| | | 4-year | 5-year | 6-year | 7-year |
|------------------|------|--------|--------|--------|--------|
| | 2008 | 53.2 | 59.3 | 62.4 | 63.4 |
