## District Performance Framework 2013

## District: WILEY RE-13 JT - 2680

#### Accredited

This is the district's official accreditation rating, which is based on the 1 Year District Performance Framework. Districts are designated an accreditation category based on the overall percent of points earned for the official year. The official percent of points earned is matched to the scoring guide below to determine the accreditation category. Additionally, failing to meet finance, safety, test administration and/or test participation assurances will result in a lower accreditation category.

| Accreditation Category        | Framework Points Earned     | Test Par               |
|-------------------------------|-----------------------------|------------------------|
| Accred. w/Distinction         | at or above 80%             | TOTAL                  |
| Accredited                    | at or above 64% - below 80% | TOTAL                  |
| Accred. w/Improvement Plan    | at or above 52% - below 64% | <sup>2</sup> Districts |
| Accred. w/Priority Impr. Plan | at or above 42% - below 52% |                        |
| Accred. w/Turnaround Plan     | below 42%                   | <sup>3</sup> Districts |

Framework points are calculated using the percentage of points earned out of points eligible. For districts with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

| Performance Indicators                | Rating      | % of Points | Earned out of Points Eligible | 2 |
|---------------------------------------|-------------|-------------|-------------------------------|---|
| Academic Achievement                  | Approaching | 61.4%       | ( 9.2 out of 15 points )      |   |
| Academic Growth                       | Meets       | 77.8%       | ( 27.2 out of 35 points )     |   |
| Academic Growth Gaps                  | Meets       | 78.1%       | (11.7 out of 15 points)       |   |
| Postsecondary and Workforce Readiness | Exceeds     | 87.5%       | ( 30.6 out of 35 points )     |   |

#### Test Participation<sup>3</sup>

## <sup>3</sup> Meets 95% Participation Rate 78.7% (78.7 out of 100 points )

**Meets Requirements** 

<sup>2</sup> Districts may not be eligible for all possible points on an indicator due to insufficient numbers of students. In these cases, the points are removed from the points eligible, so scores are not negatively impacted.

<sup>3</sup>Districts do not receive points for test participation. However, districts are assigned one accreditation category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one content area (reading, writing, math, science and COACT), or (2) for districts serving multiple levels (elementary, middle and high school grades, e.g., a 6-12 school), meet at least a 95% participation rate in all or all but one content area when individual content area rates are rolled up across school levels (elementary, middle and high school grades).

#### ce⁴

# Safety<sup>4</sup> Meets Requirements

<sup>4</sup>Districts do not receive points for finance and safety assurances. However, districts that do not meet requirements in at least one area default to Accredited with Priority Improvement (or remain Accredited with Turnaround Plan) until they meet requirements.

Counts and ratings are not reported for metrics when the district does not meet the minimum student counts required for reportable data.

## **Graduation Rates**

## Graduation and Disaggregated Graduation Rates

The District Performance Framework reports use the 4-, 5-, 6- and 7-year graduation rates for the district and disaggregated student groups (students eligible for free/reduced lunch, minority students, students with disabilities and English learners).

# This District's Graduation Rate and Disaggregated Graduation Rate Overall Graduation Rate (1-year)

|                  |      | 4-year | 5-year | 6-year | 7-year      |
|------------------|------|--------|--------|--------|-------------|
|                  | 2009 | 85.7   | 89.3   | 89.3   | <i>89.3</i> |
| Anticipated Year | 2010 | N<16   | N<16   | N<16   |             |
| of Graduation    | 2011 | N<16   | N<16   |        |             |
|                  | 2012 | 62.5   |        |        |             |

## Overall Graduation Rate (3-year aggregate)

|                  |            | 4-year | 5-year | 6-year | 7-year |
|------------------|------------|--------|--------|--------|--------|
|                  | 2009       | 85.7   | 89.3   | 89.3   | 89.3   |
| Anticipated Year | 2010       | N<16   | N<16   | N<16   |        |
| of Graduation    | 2011       | N<16   | N<16   |        |        |
|                  | 2012       | 62.5   |        |        |        |
|                  | Aggregated | 85.3   | 94.2   | 92.3   | 89.3   |

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student who entered ninth grade in fall 2006 would graduate with the Class of 2010.

For the 1-year DPF, districts earn points based on the highest value among the following: 2012 4- year graduation rate, 2011 5-year graduation rate, 2010 6-year graduation rate and 2009 7year graduation rate (the shaded cells in the tables on the left). For the 3-year DPF, districts earn points based on the highest value among the following: aggregated 2009, 2010, 2011 and 2012 4-year graduation rate, aggregated 2009, 2010 and 2011 5-year graduation rate, aggregated 2009 and 2010 6-year graduation rate, or 2009 7-year graduation rate. For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years. For both 1-year and 3-year DPFs, the "best of" graduation rate is bolded and italicized here and on the Performance Indicators detail page.

## Reference

## 1-year vs. 3-year Report

Districts receive a 1-year and a 3-year aggregated District Performance Framework report. CDE produces a report on the basis of three years of data to enable more districts to be considered within the same performance framework. Some small districts may not have public data on the basis of a single year because of small N counts for some performance indicator metrics, but a report on the basis of three years of data increases the N count. Only one of the two sets of results (1-year or 3-year) will be the official accreditation category for the district: the one under which the district has ratings on a greater number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it earned a higher total percent of points. Note that some 3-year reports may be based on only two years of data if that is the only data available.

## **Reference Data for Key Performance Indicators**

## Academic Achievement

The Academic Achievement Indicator reflects a district's proficiency rate: the percentage of students proficient or advanced on Colorado's standardized assessments. This includes results from CSAP/TCAP and CSAPA/CoAlt in reading, mathematics, writing, and science, and results from Lectura and Escritura.

Data for all indicators are compared to baselines from the first year the performance framework reports were released.

## Academic Growth and Academic Growth Gaps

The Academic Growth Indicator measures academic progress using the Colorado Growth Model. This indicator reflects 1) normative (median) growth: how the academic progress of the students in this district compared to that of other students statewide with a similar content proficiency (CSAP/TCAP) score history or a similar English language proficiency (ACCESS) score history, and 2) criterion referenced (adequate) growth: whether this level of growth was sufficient for the typical (median) student in the district to reach or maintain a specified level of proficiency within a given length of time. For CSAP/TCAP, students are expected to score proficient or advanced within three years or by 10th grade, whichever comes first. The median growth percentile required to earn each rating depends on whether or not the district met adequate growth (AGP). For 2012-13, Adequate Growth cannot be calculated for English language proficiency therefore English language proficiency growth is determined only by the median growth percentile.

|               | Made AGP | Did Not Make<br>AGP | No AGP |
|---------------|----------|---------------------|--------|
| Exceeds       | 60-99    | 70-99               | 65-99  |
| Meets         | 45-59    | 55-69               | 50-64  |
| Approaching   | 30-44    | 40-54               | 35-49  |
| Does Not Meet | 1-29     | 1-39                | 1-34   |

The Academic Growth Gaps Indicator disaggregates the results of the Academic Growth Indicator, measuring the academic progress of historically disadvantaged student groups (students eligible for free/reduced lunch, minority students, students with disabilities, English learners) and students needing to catch up.

## Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or careers upon completing high school. This indicator reflects student graduation rates, disaggregated graduation rates, dropout rates, and mean Colorado ACT (COACT) composite scores.

## State Mean Dropout Rate (2009-10 baseline)

|                  | N of Students | Mean Rate |
|------------------|---------------|-----------|
| 1-year (2009)    | 416,953       | 3.6       |
| 3-year (2007-09) | 1,238,096     | 3.9       |

#### State Mean COACT Composite Score (2009-10 baseline)

|                  | N of Students | Mean Score |
|------------------|---------------|------------|
| 1-year (2010)    | 51,438        | 20.0       |
| 3-year (2008-10) | 151,439       | 20.1       |
