

Accreditation Rating

Accredited with Improvement Plan: Low Participation[^]

44.9 / 100

This is the district's official accreditation rating, which is based on the data associated with the version type indicated on the upper right-hand corner of this report. Please see the scoring guide at the end of this report for information on the data included with each version. Districts are designated an accreditation category based on the overall percent of points earned and meeting assurances. Not meeting finance, safety, or test administration assurances will result in a lower accreditation category. In addition, failing to meet the accountability participation rate of 95% on more than one assessment will reduce the overall accreditation category by one level.

The Accreditation Category presented above is based on the total percent of Framework Points earned out of Points Eligible:

- Accredited with Distinction:** at or above 74.0%
- Accredited with Performance Plan:** at or above 56.0%-below 74.0%
- Accredited with Improvement Plan:** at or above 44.0%-below 56.0%
- Accredited with Priority Improvement Plan:** at or above 34.0%-below 44.0%
- Accredited with Turnaround Plan:** below 34.0%
- Insufficient Data:** No reportable data or only PWR data

(^)A rating with Low Participation indicates that the Participation Rate or Accountability Participation Rate for the district falls below 95% in more than one content area.

(^^)Districts with an Insufficient State Data rating will maintain their previously assigned year on the clock.

(**)The Accountability Participation Rate differs from the "Participation Rate" in the following ways: it excludes Parent Excuses from the denominator; it includes in both the numerator and denominator English Learners in their first year in the United States who took WIDA ACCESS for ELLs instead of the PARCC ELA assessment.

Dropout Rates: reflects the percentage of students enrolled in grades 7-12 who leave school during a single year. It is calculated by dividing the number of dropouts by a membership base, which includes all students who were in the membership any time during the year and did not enroll in a different Colorado school. The rates included in this report are based on 2015 end of year state submission reporting.

COACT: reflects the mean composite ACT score for the identified district; COACT was administered to all 11th grade students in Colorado. Per recent state decision, this assessment will be replaced by the Scholastic Achievement Test (SAT) for the 2016-17 school year.

Matriculation Rates: reflects all 2015 high school graduates that enroll in a Career & Technical Education program, 2-Year Higher Education Institution, or 4-Year Higher Education Institution during the subsequent academic year. The rate also includes all high school graduates that earned a Career & Technical Education certificate or a college degree while they were still enrolled in high school. The matriculation data includes both in-state and out-of-state enrollments. For more information: http://www.cde.state.co.us/accountability/matriculation_guidance_and_faq_7_25_16

Graduation Rates: Colorado calculates 'on-time' graduation as the percent of students who graduate from high school four years after entering ninth grade. The rates presented in this report reflect the best of the 4-, 5-, 6-, and 7-year graduation rates at the overall and disaggregated levels, based on end of year state submission reporting. The four-year rate for this report is based on 2015 graduates.

Anticipated Year of Graduation (AYG): when a student initially enters the ninth grade in the Colorado End of Year data collection system, an anticipated year of graduation is assigned for four years later.
