Instructions: Select the ways in which you plan to use READ Act funds in the upcoming budget year. In order to submit your budget, all assurances must be reviewed and agreed upon, and all boxes must be checked.

In using the per-pupil intervention money distributed pursuant to the READ Act, each LEP shall ensure that some type of intervention, as described in the allowable activities below, is available to each student who is identified as having a significant reading deficiency (SRD) and who is enrolled in kindergarten through third grade in a school operated by the LEP.

Please use your FY2019-20 allocation amount to project your budget amounts for FY2020-21.
Allocation: \$25,638

We **accept** FY2020-21 READ Act Funding

LEP Budget Narrative

Instructions: Provide a brief description (no more than 700 words) that addresses each of the questions below. These questions must be completed for any LEP receiving READ Act funds before funds are released.

Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation.

Our LEP will monitor student progress on Common Core State Standards using the online learning platform IReady. Based on the data received for each individual student, the LEP will provide targeted lessons, support, and tutoring in order to move student achievement forward. The LEP will work with the building DAC to monitor all students who are at-risk of dropping below average academically and will immediately begin services of support to these students.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

Our LEP's expected outcomes will be that all students with a READ Plan will make at least one year's growth in their identified areas of challenge based on multiple assessments but monitored with iReady Reading Diagnostic Assessment. Her goal will be to have all students at grade level reading proficiency by the end of their 3rd grade year.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

Potential barriers are the restrictions put in place due to Covid-19. Students may not be able to return to school full time or with inhibiting restrictions. Our plans are to follow CDC guidelines along with the guidelines provided by our local health department. Students identified as at-risk academically will be prioritized based on the schedule, with a possible three-day attendance plan (rather than two-day plans for non at-risk students).
