Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation.

The 2020-2021 READ Act funds will be allocated for a percent of the Reading Specialist salary to help K-3 students identified as having a significant reading deficiency.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

LEP will implement the IStation program into our Reading Lab will allow us to see growth in reading scores over 9 years' time and longitudinally after that over five years or more. We will monitor state test scores to ensure growth in reading concepts at the correct level.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

The only potential barrier for our students not to meet our goals and expected outcomes for this upcoming school year. We missed out on 10 weeks of school 2019-2020 school year which made our scores lower at the beginning of school. We had 90% in the elementary that completed homeschooling curriculum, but the Istation was an extra. To address this barrier, the Istation reading will have to be made mandatory. The school will need to provide Hotspots and Chromebook to those who do not have them.
