LEP Budget Narrative

Instructions: Provide a brief description (no more than 700 words) that addresses each of the questions below. These questions must be completed for any LEP receiving READ Act funds before funds are released.

Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation.

We plan on using these funds to help students with literacy needs through tutoring. We will ensure that these uses match the LEP plan and will be ensuring that they are aligned with the allowable uses.

In addition, we will use some funds to supplement our curriculum with reading recourses and technology to assist those students whom have literacy deficits. We will ensure that prior to purchasing these items, we will check to ensure they are allowable funds for purchase.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

We hope to help with deficits in reading (from COVID) and being out of school. We believe that having these additional recourses, tools and tutoring will bridge the gap for students that struggle with reading.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

These goals will be hard to reach if we have to switch to distance learning due to COVID. It will rely on students getting help from home and doing activities that we provide with a parent. We see this as being a potential hurdle because during COVID shut-down, we only had 30% participation with virtual learning.
