LEP Budget Narrative

Instructions: Provide a brief description (no more than 700 words) that addresses each of the questions below. These questions must be completed for any LEP receiving READ Act funds before funds are released.

Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation.

> Our school will purchase Into Reading as our core reading program. After reviewing several different options, we decided that Into Reading was a good fit for our teachers and the text selections were approved by our school board.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

> Our expected outcomes and goals involve consistency from one grade to the next with core reading as well as providing scientific and research-based resources for teachers to implement in their classrooms. We are also hoping to establish sustainability of our reading program by implementing curriculum that is on the approved advisory list.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

> The potential barrier that we could encounter would be time and scheduling. As with most reading programs, it takes time for teachers to gain familiarity with all of the resources. Another barrier that we could encounter is adequate support for full implementation with fidelity. One way we plan to address this barrier is by devoting professional development time each month to supporting teachers with implementation.
