Implementing Allowable Activities

First, we would like to use the READ Act funds for to purchase new curriculum for those children who are targeted under the READ Act. Second we would love to be able to purchase new software for these children as well as our supplemental reading programs, for example Istation. Third we would like to provide children with a reading interventionist, to assess the children, provide one on one reading instruction and help every child reach their reading goals.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

Our goals and outcomes are utilize these funds in their entirety to provide the best quality reading instruction , curriculum, and technology to each targeted student. We believe, that by providing these resources, each child will be able to reach their full reading potential.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

Currently our greatest barrier is COVID-19. We feel that students learn better through in person instruction. If we are not able to return to school in the fall these funds will help us provide instruction curriculum and technology at home.
