Prairie School district plans to implement a new intervention program for our students. It is our understanding these are the materials we are able to purchase for supplemental materials. Depending on what is most effective for our students and a reasonable cost, will be the program we look at purchasing.

As of 11/2020 these are materials we purchased and implemented.

Outcomes and Goals

What are your LEP's expected outcomes and goals in the upcoming budget year from implementing your selected allowable activity(ies)?

The goal would be to have a research and approved program that can help decrease our students reading struggles in a systematic way. We are currently in the process of selecting a new reading curriculum.

Potential Barriers

What are potential barriers in reaching your expected outcomes and goals? How do you plan to address and/or overcome these barriers?

We always worry about having enough personnel to meet student needs. We are working hard to hire and arrange the right people to help us meet the needs of our students. Budget is also a concern this year for our schools and getting the the

range of supplemental programs that we need may not be possible this year because of limited funds.
