LEP Budget Narrative

Instructions: Provide a brief description (no more than 700 words) that addresses each of the questions below. These questions must be completed for any LEP receiving READ Act funds before funds are released.

Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation. If applicable, please include list of programming being used.

North Conejos School District has formulated district wide a Unified Improvement Plan or Needs Assessment based on current state and local assessment data. The UIP team consisted of district administration, building administration, building data and leadership teams, and the district accountability committee which includes community and parent involvement. The current UIP helped to guide the decisions for how to utilize the READ Act Funds. North Conejos School District has identified student needs based on relevant data. READ ACT funds will be used to purchase professional development programming to support Kindergarten -third educators in teaching reading. READ Act funds will be used to provide students with technology, including software (included in the advisory list of instructional programming in reading). READ Act funds will be used to provide other targeted, evidence-based intervention supplies to students who are receiving instructional services. These classroom supplies will allow K-3 teachers to provide appropriate intervention strategies. The district plans to use READ funds to purchase classroom level reading supplies for Manassa and LaJara Elementaries. READ Act funds will be used to provide technology, including software, which is included on the Advisory List of instructional programming in reading and supporting technologies which may include providing professional development in the effective use of the technology or software.
