Implementing Allowable Activities

Explain how your LEP plans to implement each selected allowable activity. Please ensure that each allowable activity listed aligns with the allowable use(s) of funds as required by statute and matches the allowable use(s) listed in your LEP budget explanation. If applicable, please include list of programming being used.

Our plan is to use the READ Act funds to implement a Summer School Program. We pay our teachers \$35.00 an hour for summer school, with the READ funds we will have enough for 99 hours. We use Acadience Reading, and STAR Early Learning for our interim assessment. For our core program we use Houghton Mifflin, and for our supplemental program we use Lindamood-Bell Seeing Stars. We will use all these programs in our summer school program. Our district MTSS team monitors progress of students who are reading below grade-level and ensure that in-class supports are provided and monitored for effectiveness. Our special education team implements reading-focused IEP accommodations and modification with fidelity. Our students who are below grade-level are invited to our summer school program.
