School Performance Framework 2011

School: LAMAR HIGH SCHOOL - 4960

This is the plan type the school is required to adopt and implement. Schools are assigned a plan based on their overall framework score, which is a percentage of the total points they earned out of the total points eligible in each performance indicator. The overall score is then matched to the scoring guide below to determine the plan type.

Performance Plan

| | Framework Points Earned | Plan Assignment |
|-----|-----------------------------|----------------------|
| Aca | at or above 60% | Performance |
| | at or above 47% - below 60% | Improvement |
| _ | at or above 33% - below 47% | Priority Improvement |
| Pos | below 33% | Turnaround |

Framework points are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are: 15 points for Academic Achievement, 35 for Academic Growth, 15 for Academic Growth Gaps, and 35 for Postsecondary and Workforce Readiness.

| Performance Indicators | Rating | % of Points | s Earned out of Points Eligible* | |
|---------------------------------------|----------------------------|-------------|---|---|
| Academic Achievement | Approaching | 50.0% | (7.5 out of 15 points) | |
| Academic Growth | Approaching | 58.3% | (20.4 out of 35 points) | |
| Academic Growth Gaps | Approaching | 53.3% | (8.0 out of 15 points) | |
| Postsecondary and Workforce Readiness | Approaching | 50.0% | (17.5 out of 35 points) | |
| Test Participation** | 95% Participation Rate Met | | | |
| TOTAL | | 53.4% | (53.4 out of 100 points) | |
| impacted. | | | es, the points are removed from both the points earned and the points eligible, so scores are not r | - |

** Schools do not receive points for test participation. However, schools are assigned one plan category lower than their points indicate if they do not (1) meet at least a 95% participation rate in all or all but one subject (reading, writing, math, science, and COACT), or (2) for schools serving multiple grade levels, meet at least a 95% participation rate in all or all but one subject area when individual subject rates are rolled up across grade levels AND the school makes AYP participation (in reading and math) for each grade level overall (not including disaggregated groups).

What do the performance indicators measure?

Academic Achievement

The Achievement Indicator reflects how a school's students are doing at meeting the state's proficiency goal: the percentage of students proficient or advanced on Colorado's standardized assessments. This Indicator includes results from CSAP and CSAPA (Reading, Writing, Math and Science), and Lectura and Escritura.

Academic Growth

The Growth Indicator measures academic progress using the Colorado Growth Model. This Indicator reflects 1) median growth: how the academic progress of the students in this school compared to that of other students statewide with a similar CSAP score history in that subject area, and 2) adequate growth: whether this level of growth was sufficient for the typical (median) student in this school to reach an achievement level of proficient or advanced on the CSAP within three years or by 10th grade, whichever comes first.

Academic Growth Gaps

The Gaps Indicator measures the academic progress of historically disadvantaged student subgroups and students needing to catch up. It disaggregates the Growth Indicator into student subgroups, and reflects their median and adequate growth. The subgroups include students eligible for Free/Reduced Lunch, minority students, students with disabilities (IEP status), English Language Learners, and students needing to catch up.

Postsecondary and Workforce Readiness

The Postsecondary and Workforce Readiness Indicator measures the preparedness of students for college or jobs upon completing high school. This Indicator reflects student graduation rates, dropout rates, and average Colorado ACT composite scores.

| 15th percentile | 50.0 | 50.6 | 53.3 | 48.7 | 29.7 | 13.5 | 32.6 | 36.8 | 30.0 | 20.5 | 25.0 | 27.9 |
| 50th percentile | 72.0 | 71.4 | 72.2 | 70.1 | 51.6 | 30.5 | 54.8 | 58.3 | 49.6 | 45.4 | 48.7 | 50.0 |
| 90th percentile | 88.2 | 87.4 | 86.2 | 87.5 | 74.4 | 52.2 | 76.5 | 79.2 | 71.0 | 72.6 | 71.3 | 71.5 |

All achievement data is compared to baselines from the first year the performance framework reports were released (2009-10 for 1-year reports and 2008-10 for 3-year reports).

Postsecondary and Workforce Readiness

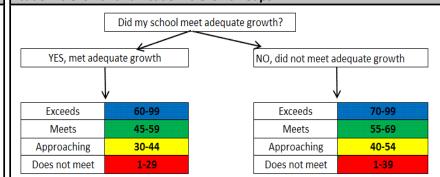

This School's Graduation Rate (1-year SPF)

| | | 4-year | 5-year | 6-year | 7-year |
|------------------|------|--------|--------|--------|--------|
| | 2007 | 62.8 | 65.4 | 65.4 | 65.4 |
| Anticipated Year | 2008 | 58.9 | 73.2 | 74.1 | |
| of Graduation | 2009 | 68.5 | 80.2 | | |
| | 2010 | 66.4 | | | |

This School's Graduation Rate (aggregated for 3-year SPF)

| | | 4-year | 5-year | 6-year | 7-year |
|-------------|------------|--------|--------|--------|--------|
| | 2007 | 62.8 | 65.4 | 65.4 | 65.4 |
| Anticipated | 2008 | 58.9 | 73.2 | 74.1 | |
| Year of | 2009 | 68.5 | 80.2 | | |
| Graduation | 2010 | 66.4 | | | |
| | Aggregated | 64.1 | 72.6 | 69.5 | 65.4 |

Academic Growth and Academic Growth Gaps

For Academic Growth and Academic Growth Gaps, the median growth percentile required to earn each rating depends on whether or not the school met adequate growth. Schools that met adequate growth use the rubric on the left; schools that did not meet adequate growth use the rubric on the right.

State Average Dropout Rate-2009 (1-year SPF) or 2007-09 baseline (3-year SPF)

| | N of Students | Average Dropout Rate |
|------------------|---------------|----------------------|
| 1-year (2009) | 416,953 | 3.6 |
| 3-year (2007-09) | 1,238,096 | 3.9 |

State Average Colorado ACT Composite Score 2010 (1-year SPF) or 2008-10 baseline (3-year SPF)

| | N of Students | Average Score |
|------------------|---------------|---------------|
| 1-year (2010) | 51,438 | 20.0 |
| 3-year (2008-10) | 151,439 | 20.1 |

All averages are compared to baselines from the first year the performance framework reports were released (2010 for 1-year reports and 2008-10 for 3-year reports).

Colorado calculates "on-time" graduation as the percent of students who graduate from high school four years after entering ninth grade. A student is assigned a graduating class when they enter ninth grade, and the graduating class is assigned by adding four years to the year the student enters ninth grade. The formula anticipates, for example, that a student entering ninth grade in fall 2006 will graduate with the Class of 2010.

For the 1-year DPF, districts earn points based on the highest value among the following: 2010 4-year graduation rate, 2009 5-year rate, 2008 6-year rate, and 2007 7-year rate (the shaded cells in the first table above). For the 3-year DPF, districts earn points based on the highest value among the following: aggregated 2007, 2008, 2009 and 2010 4-year graduation rate, aggregated 2007, 2008 and 2009 5-year rate, aggregated 2007 and 2008 6-year rate, or 2007 7-year rate (the shaded cells in the second table above). For each of these rates, the aggregation is the result of adding the graduation totals for all available years and dividing by the sum of the graduation bases across all available years.

1-year vs. 3-year report

Schools receive a 1-year and a 3-year aggregated School Performance Framework report. CDE produces a report on the basis of three years of data to enable more schools to be considered within the same performance framework. Some small schools may not have public data on the basis of a single year because of insufficient student counts for some performance indicator metrics, but a report on the basis of three years of data increases the student count.

Only one of the two sets of results (1-year or 3-year) is the one that will be the official plan type assignment for the school: the one under which the school has ratings on a higher number of the performance indicators, or, if it has ratings for an equal number of indicators, the one under which it received a higher total number of points. Note that some 3-year reports may be based on only two years of data if that is the only data available. The years of data included in a report are indicated on page 1. For both 1-year and 3-year SPFs, the "best of" graduation rate is bolded and italicized on the Performance Indicators detail page.
