The performance framework evaluates district and school performance on Academic Achievement, Academic Growth, and Postsecondary & Workforce Readiness indicators. The percentage of points earned across all indicators determines the final accreditation rating for a district or the final plan type for a school, which is displayed above. The cut points for final ratings established by the State Board of Education are shown at the right of this page. Failure to meet finance, assessment, and safety assurances may result in a lowered rating. Refer to the scoring guide near the end of this report for more details on how ratings are determined.

*State accountability policy requires 95% student participation in state assessments. Students excused from testing by a parent or guardian do not impact the Accountability Participation Rate that determines whether the overall rating is reduced by one level. Districts or schools with less than 95% total participation in ELA and Math receive a "Does Not Meet 95% Total Participation" descriptor that is informational and does not impact framework calculations. The descriptor does not impact framework calculations. First-year in the U.S. Multilingual Learners eligible to take the ELP assessment count as participants for ELA.
